

MAMU-Exkursion am 07.01.2007

nach Peißenberg, Grandlmoos, Bergehalde, MTB 8232/1.22, ca. 620 m ü.NN

Fundliste:

1. Ascocoryne cylichnium	det. Keck
2. Athelia arachnoidea s.str.	an Acer
3. Auricula auriculajudae	an Sambucus
4. Auriscalpium vulgare	Pinus-Zapfen
5. Ceraceomerulius serpens	an Alnus incana
6. Claussenomyces xylophila	det. Fellmann
7. Corioloopsis gallica	an Fraxinus
8. Corioloopsis trogii	an Populus
9. Cyathus olla	Magerwiese
10. Cyphelloopsis anomala	
11. Dacrymyces stillatus	an Picea
12. Daedaleopsis confragosa	an Alnus incana
13. Datronia mollis	
14. Diatrype bullata	an Salix
15. Dichomitus campestre	an Alnus incana
16. Encoelia furfuracea	an Alnus incana
17. Eutypa alnifraga	an Alnus incana
18. Exidia pithya	an Pinus
19. Exidia plana	an Alnus incana
20. Exidia thuretiana	an Acer pseudoplatanus
21. Exidiopsis effusa	
22. Flammulina velutipes	an Salix
23. Fomitopsis pinicola	an Alnus incana
24. Ganoderma lipsiense	
25. Gymnopus dryophilus	
26. Hypoxylon cercidicola	an Fraxinus
27. Hypoxylon fuscum	
28. Hypoxylon serpens	
29. Irpex lacteus	
30. Laetiporus sulfureus	
31. Lenzites betulina	
32. Macrotyphula fistulosa var. contorta	an Alnus
33. Marasmius androsaceus	an Pinusnadeln
34. Meruliopsis corium	
35. Mollisia amenticola	an Alnus-Zäpfchen; det. Fellmann
36. Mollisia discolor	det. Fellmann
37. Nectria cinnabarina	
38. Nectria galligena	an Fraxinus
39. Orbilia xanthostigma	det. Fellmann
40. Peniophora incarnata	
41. Peniophora limitata	an Fraxinus
42. Phellinus conchatus	
43. Phellinus ferruginosus	
44. Piloderma bicolor (= P. croceum)	an Fraxinus
45. Plicatura crispa	an Alnus
46. Polyporus brumalis	
47. Propolis versicolor	an Acer
48. Resupinatus trichotis	an Acer
49. Rhytisma acerinum	
50. Rimbachia bryophila	an Moos
51. Schizophyllum commune	an Pinus
52. Sistotrema brinkmannii	an Fraxinus
53. Stereum hirsutum
